

**Ruibin Liu** received a B.S. degree in electro-ceramics from South China University of Technology, Guangzhou, China, in 1984, and a Ph. D. degree in material engineering from Shanghai Institute of Ceramics, Chinese Academy of Sciences, Shanghai, China in 1991. He received the “Outstanding Young Scientist” award from Shanghai City Government in May 1996.

From 1991 to 1996 he was an Engineer and Associate Professor at the Shanghai Institute of Ceramics, Chinese Academia of Sciences, Shanghai, China. From 1996 to 1996 he was a Postdoctoral Fellow at the Materials Research Laboratory, Pennsylvania State University, PA. From 1999 to 2000 he was a Postdoctoral Fellow at the Sunnybrook Health Science Center, University of Toronto, Toronto, Canada. From 2000 to 2002 he was an Intellectual Property Officer and Director of Canada Branch at TradeTrek.com, Stamford, CT. From 2003 to 2004 he was a Research Engineer, at the Sunnybrook Health Science Center, University of Toronto, Toronto, Canada. From 2004 to 2008 he was a Research Associate at the NIH Ultrasound Transducer Resource Center, Department of Biomedical Engineering, University of Southern California, Los Angeles, CA, USA. From 2008 to present, Ruibin has worked as a Senior Scientist at [Blatek, Inc.](#), State College, PA, USA.
